OBJECTIVE

Front-end developer with proven experience in building responsive React applications integrated with Django REST APIs. Committed to delivering clean, maintainable code and user-centric solutions that support scalable, multi-tenant business environments.

EXPERIENCE

Jr. Frontend Developer
MADBangla

📅 Jan 2025 – Present   📍 Mirpur 11, Dhaka

- Developed reusable, high-performance React components with full mobile responsiveness.
- Integrated Django REST APIs for smooth frontend-backend communication.
- Implemented multi-tenancy in ERP dashboard for company-specific views and access.
- Created custom React hooks to ensure DRY, maintainable code.
- Supported Django backend development with serializers, views, and authentication (DRF).

Trainee SQA
CDIP, United International University (UIU)

📅 June,2023 – September,2023   📍 Dhaka/1212

- Functional Testing, Non-Functional Testing
- Automation Testing,API Testing, Test Case Writing
